

Sri Venkateswara Precision Castings

Official Product & Capabilities Catalogue

Precision in Every Casting, Excellence in Every Delivery

1. About Us

SriVenkateswara Precision Castings is a trusted manufacturer and supplier of high-quality precision casting components catering to diverse industrial applications. With advanced manufacturing facilities, skilled professionals, and stringent quality control systems, we specialize in precision-engineered castings for automotive, engineering, pumps & valves, agriculture, energy, and industrial machinery industries. Our focus on quality, durability, and timely delivery has helped us build long-term relationships with domestic and international clients. **Our Promise:** "Precision in Every Casting, Excellence in Every Delivery."

2. Strategic Vision & Mission

Vision: To become a globally recognized leader in precision castings by delivering superior-quality products and exceptional customer service.

Mission:

- Manufacture world-class precision casting components.
- Continuously improve technology and production efficiency.
- Maintain the highest standards of quality and reliability.
- Build lasting partnerships through trust and performance.

3. Product Range & Materials

We manufacture a wider range of precision castings and machined components for various industrial sectors.

4. Industries We Serve

Automotive, Pumps & Valves, Oil & Gas, Energy Infrastructure, Agriculture Equipment, Construction Equipment, Industrial Machinery, and General Engineering.

5. Manufacturing Infrastructure & R&D;

Our advanced manufacturing facility in Sangareddy, Telangana, is equipped with modern casting machinery, precision machining equipment, heat treatment facilities, and supported by a highly skilled technical workforce.

6. Quality Assurance & Testing

We follow strict quality control procedures at every stage of manufacturing to ensure defect-free products and consistent performance. **Phase 1:** Raw Material Inspection
Phase 2: In-Process Material Testing
Phase 3: Dimensional & Surface Analysis
Phase 4: Final Product Verification

7. Sustainability, Safety & Core Values

We are committed to environmentally responsible manufacturing practices and workplace safety while maintaining strong customer relationships through transparency, quality, and dependable service.
